

Businesses Definitely Need Insurance – WHY?

- **To protect against financial losses** resulting from lawsuits or physical damages to property/assets.
- **Costly damages/repair** if a disaster strikes.
- Continue to enjoy **peace of mind** in carrying out daily business.

Steps to Buying Insurance

The five key steps are: –

• Educate Yourself

A basic understanding of the type of insurance coverage is helpful.

• Analyse Your Business

A full understanding of your business is essential.

• Choose a Reliable Agent or Broker

It is important that your agent is knowledgeable and experienced.

·Buy Insurance

The Insurance Policy should cover all your business needs at a competitive premium & coverage term.

·Review Your Insurance Coverages Regularly

This is to include any new changes faced by your business over time.
